

CURRICULUM VITAE

Tatiana Filatova

e-mail: T.Filatova [at] utwente.nl

Mailing address: University of Twente, Faculty of Behavioural, Management and Social sciences (BMS),
Department of Governance and Technology for Sustainable Development (CSTM)
P.O. Box 217, 7500 AE Enschede, The Netherlands
Tel. +31 53 489 3530

Web: <http://tatianafilatova.weebly.com/>

EDUCATION

- 2005 – **PhD (Cum Laude)**, Agent-based computational economics, Environmental economics, Flood risk
2009 management.
University of Twente, The Netherlands, Department of Water Engineering and Management. Adviser: Prof. Anne van der Veen. Co-adviser: Prof. Dawn C. Parker, George Mason University, USA
- 1998 – **MSc (Cum Laude)**, Information Systems in Economics.
2003 State Technical University, Chita, Russia. Adviser: Prof. Irina P. Glazyrina

ADDITIONAL TRAINING

- 2010, 2015 Intensive Dutch course at the Language Institute Regina Coeli, Vught, Netherlands
- Jan 2007-June
2007 George Mason University, Fairfax/Washington DC, USA. Finished two PhD level courses:
- **Grade A+** for the course “Computational Analysis of Social Complexity” by Prof. Rob Axtell
- **Grade A** for the course “Spatial Agent-based Models of Human-Environment Interactions” by Prof. Dawn C. Parker

PROFESSIONAL POSITIONS HELD:

- 2016-present **Professor (UHD1 with promotion rights)**
University of Twente, Faculty of Behavioural, Management and Social sciences (BMS),
Department of Governance and Technology for Sustainable Development (CSTM), the
Netherlands
- 2014-2016 **Associate professor**
University of Twente, BMS, CSTM
- 2010 - 2014 **Assistant professor** (tenure-track)
University of Twente, BMS, CSTM
- 2009 – 2015 **Economist in the field of Water, Environment and Space** (part-time)
Deltares, Research Institute, the Netherlands
- April 2009 – Dec
2009 **PostDoc**
University of Twente, Faculty of Engineering Technology, Department of Water Engineering and
Management
- September 2003 **Junior researcher** (part-time)
– 2005 Institute of Natural Resources, Russian Academy of Sciences, Russia
Dept. of ecological-economic modelling
- June 2003 –
2005 **Researcher** (part-time)
NGO Transbaikal Research Centre for Ecological Economics, Russia
- May 2001 –
June 2003 **Volunteer researcher** (part-time)
NGO Transbaikal Research Centre for Ecological Economics, Russia

VISITING RESEARCHER

- 2014, 2015 **London School of Economics**, Grantham Research Institute for Climate Change, *London, UK*
- 2013 **Australian National University**, Fenner School of Environment and Society, *Canberra, Australia*

- 2011, 2012 **IIASA** International Institute for Applied Systems Analysis, *Vienna, Austria*
- 2007, 2008, **George Mason University**, Department of Computational Social Science (Center for Social Complexity), *Fairfax-Washington DC USA*
- 2009
- 2006 **Gund Institute of Ecological Economics**, University of Vermont, *Burlington, USA*
- 2006 National Institute for Coastal and Marine Management (**RIKZ**), Dutch Ministry of Public Works and Water Management, *The Hague, The Netherlands*

INVITED TALKS

- 2016 **Future Earth** Cluster "Linking Earth-System and Socio-Economic Models to Predict and Manage Changes in Land Use And Biodiversity", Kyoto, **Japan**
Invited talk 'Scaling up human behavior in models of coupled social-ecological systems'
- 2016 **EAWAG/ETH**, Workshop 'Combining Agent Based Modelling and Survey-Based Choice Experiments', , Zurich, **Switzerland**
Invited talk 'Combining ABM, surveys and lab experiments'
- 2016 **Future Earth** Cluster "Linking Earth-System and Socio-Economic Models to Predict and Manage Changes in Land Use And Biodiversity", Aix-en-Provence, **France**
Invited talk 'Economic Actors in Social-Ecological Systems: What can ABM offer?'
- 2015 **University of Hamburg**, Research Unit Sustainability and Global Change, Hamburg, **Germany**
Invited talk 'Changing climate – changing behavior: integrating adaptive economic dynamics in coupled socio-environmental systems'
- 2014 **Stockholm Resilience Center**, Stockholm, **Sweden**
Invited talk 'Structural changes in coupled socio-ecological systems'
- 2013 Annual conference of the **Groningen Center for Social Complexity Studies**, University of Groningen, **The Netherlands**
Invited talk "Changing climate – changing behavior: flood hazards, risk perception and markets."
- 2013 Leibniz Institute for Agricultural Development in Central and Eastern Europe (**IAMO**), Halle, **Germany**.
Invited lecture "Agent-based land markets: methods, challenges and perspectives" at the Workshop Agent-based modeling in agricultural and resource economics"
- 2013 **Wageningen University & Research centre, the Netherlands**
Invited talk "[Changing climate – changing behavior :Modeling abrupt structural shifts in complex socio-environmental systems from the bottom-up](#)" at the Workshop "Validation of Agent-based Land Use Models"
- 2013 Institute of Environmental Systems Research, **University of Osnabrueck**, Osnabrueck, **Germany**
Invited lecture "Behavioral changes and abrupt structural shifts in complex socio-environmental systems"
- 2011 CEMAGREF & CIRAD, **Workshop "Resilience, Water and Foresight"**, **Montpellier**, France. Invited talk 'Agent based modeling of flood prone area: changes in coastal land markets in response to increasing risks'
- 2010 **GREQAM** (Groupeement de Recherche en Economie Quantitative d'Aix Marseille), Marseille, **France**
Invited lecture "Land markets: heterogeneous agents trading heterogeneous goods"
- 2009 **George Mason University**, Washington DC, **USA**
Invited talk "Agent-based land markets: Individual Decisions and Flood Risk Management", Department of Computational Social Science
- 2009 **Universita Ca' Foscari di Venezia**, Venice, **Italy**
Lecture at the winter school 'Systems Analysis and Integrated Modeling in Climate Change Research'
- 2007 **Ohio State University**, Columbus, **USA**
Guest lecture for the class 'Economic and Social Geography' at the Department of Geography

FUNDING ACQUISITION AND GRANT PARTICIPATION

- 2015 UT Stimuleringsfonds Role: PI (**€14.100**).
- 2015 - 2018 'Tech4People' Research Advancement Program of the University of Twente, project "Closing the gap between the real world and the lab? Agent technology to extrapolate behavior change in the lab". Role: PI in the interfaculty consortia (**€150.000**).

- 2014-2015 NWO Digging into Data project “Mining Relationships Among variables in large datasets from Complex systems” (MIRACLE). Role: PI from the Dutch side in the Canada-USA-UK-Netherlands consortia (**€100.000**). <http://wici.ca/new/research/digging-into-data-did-research/>
- 2012-2016 EU FP7 “COMPLEX: Knowledge Based Climate Mitigation Systems for a Low Carbon Economy”. Role: UT coordinator (**€1.150.000**) and WP5 Co-PI (€375.000). <http://www.complex.ac.uk/>
- 2012-2015 The Netherlands Organisation for Scientific Research (NWO) VENI grant “Changing climate – changing behavior”. Project web-page: http://www.utwente.nl/mb/cstm/staff/cv/filatova_4-shortdescriptionveni.docx/ Role: PI (**€250.000**).
- 2010-2012 GEF (Global Environmental Facility) “Preparation to Climate Change in Africa” - assessing and mapping of increasing flood risks due to climate change for Sao Tome Role: co-applicant from Deltares (**\$28 000**).
- 2010-2014 EU FP7 “Vectors of Change in Oceans and Seas Marine Life, Impact on Economic Sectors”. Impacts of climate change on recreational sector along the Dutch North Sea coast due to climate change. Project web-site: <http://www.marine-vectors.eu/> Role: co-applicant from Deltares and task leader (**€110.000**).
- 2009-2011 UT Stimuleringsfonds Role: PI (**€20.000**).
- 2009-2013 NSF program ‘Studies of Coupled Natural and Human Systems’, grant ‘Spatial land-use change and ecological effects: how land management and carbon dynamics interact’, PI Prof. D. Brown (<http://www-personal.umich.edu/~danbrown/>) and co-PI Dr.D.Parker (<http://mason.gmu.edu/~dparker3/>). Project web-site: <http://masi.cscs.lsa.umich.edu/sluce/> . Role: external adviser.
- 2004-2005 RFH (Russian Fund for Humanitarian Research) project “The dynamics of nature use and quality of economic growth in the resource-based economy”. Role: participant.
- 2003-2005 NWO (the Netherlands Organisation for Scientific Research)-RFBR (Russian Fund of Basic Research) project “Quality of growth in transition countries”. Role: participant.
- 2001-2003 Global Environmental Facility (GEF) Project “Conservation of Biodiversity”. Role: participant.

ACADEMIC HONORS AND AWARDS

- 2016 Member of **De Jonge Akademie (KNAW, Royal Dutch Academy of Sciences)**, <http://www.dejongeakademie.nl/nl/leden/leden/14999>
- 2014 **Early Career Excellence Award**, International Environmental Modelling and Software Society (iEMSs), San Diego, USA
- 2013 **Prof De Winter Prize for the Best article** of the year among female Assistant/Associate professors at the University of Twente (**€2.500**) <http://www.utwente.nl/en/newsevents/2013/11/166791/tatiana-filatova-wins-professor-de-winterprijs>
- 2012 **VENI grant**, The Netherlands Organisation for Scientific Research (NWO)
- 2008 **Commendation for the best paper and presentation** at the 4th Biennial International Congress on Environmental Modelling and Software (iEMSs’08), “Integrating Sciences and Information Technology for Environmental Assessment and Decision Making”, July 7-10, 2008 - Barcelona, Spain;
- 2004 **Best paper and presentation** in the section of Environmental Economics
Conference on Regional Sciences organized by Council for the study of productive resources of Russian Academy of Sciences & International Academy for regional development and cooperation, November 2004, Moscow, Russia;

EDITORIAL WORK

- 2014 – present Member of the **Editorial Board** of the Environmental Modelling & Software journal (Elsevier, IF=4.42)
- 2013- 2015 **Guest Editor** of the special issue on “Modelling systemic change in coupled socio-environmental systems (SES)” together with Gary Polhill (The James Hutton Institute, UK) and Maja Schlüter (Stockholm Resilience Center, Sweden). Environmental Modelling & Software journal (Elsevier, IF=4.42)

TEACHING

2015-present	Joint MSc course “Resilient Cities in a Changing World” between UT and Stevens Institute of Technology, NJ, USA
2015	Lecturer, PhD Summer school of the European Social Simulation Association, Wageningen, Netherlands
2014-present	BSc Module 6 ‘Sustainability and Civil Engineering’
2011-present	MSc “Economic Methods of Sustainability Assessment”
2010-2012	BSc team coach, “Sustainable development in developing countries”
2010	Co-teaching “European Economic Integration”
2005 - 2006	University of Twente, The Netherlands MSc lectures “Cost-benefit analysis for water resource management policy”
2003 – 2005	State Technical University, Chita, Russia Teaching Assistant, MSc “Informational systems in economics”

Supervision of MSc students:

1. *Johan de Waard* (2015) Quantifying the impacts of climate-driven flood risk changes and risk perception biases on coastal urban property values: A case study for the North Carolina coastal zone". My role: 1st supervisor.
2. *Meron Belay Tariku* (2014) "Household energy demand in the Netherlands: application of an agent based model to assess the potential of carbon emission reduction". My role: 1st supervisor.
3. *Bereket Negasi Isaac* (2013) "Socio-economic Indicators for Appraising Adaptation Measures for Water Stress". My role: 1st supervisor.
4. *Kelvin Thompson* (2013) "Flood Insurance: Public or Private? On the desirability and feasibility of flood Insurance in the Netherlands". My role: 1st supervisor.
5. *Amy Maduro* (2012) "The implementation of a quality system in 'Water management centrum Nederland' ". My role: 1st supervisor.
6. *Pascal K. de Vries* (2011) "Een onderzoek naar vertogen bij de doelbepaling van de kaderrichtlijn water". My role: 1st supervisor

Supervision of BSc students:

1. *Hannah Mülder* (2016) 'Understanding the impact of barriers on energy saving decisions of households'. My role: 1st supervisor;
2. *Marie Helen Ferdelman* (2016) 'The Development of Public Opinion in Post-Disaster Reconstruction Projects. A comparative study of Roombeek and Hoboken'. My role: 1st supervisor;
3. *Mathias Quickert* (2016) 'Citizen participation in post disaster reconstruction projects lessons from Roombeek'. My role: 1st supervisor;
4. *Oliver Klinkhammer* (2016) 'The role of stakeholder involvement in Post-disaster Reconstruction Projects A comparative study of Roombeek and Hoboken' My role: 1st supervisor;

GRADUATE STUDENTS SUPERVISION

PhD students:

1. *S. Ghaffarian* (2016-2020) "Socio-economic resilience and post-disaster recovery assessment using remote sensing and spatial economic modeling", advising together with N.Kerle and V Jetten;
2. *K. Handayani* (2016-2020) 'Climate Change Mitigation and Adaptation: An Assessment on Indonesian Power Sector', advising together with Y. Krozer and H. Bressers;
3. *L. Quispel* (2015-2017) 'Closing the gap between the real world and the lab? Agent technology to extrapolate behavior change in the lab', advising together with P.deVries and J. van Hillegersberg;
4. *K. de Koning* (2015-2018) 'Climate Change And Regime Shifts In Flood-Prone Urban Areas: An Agent-Based Approach', advising together with A. Need and H. Bressers;
5. *L. Niamir* (2014-2018) 'Agent-based Modelling for Low-carbon Economy: tracing non-marginal changes in energy markets', advising together with H. Bressers;
6. *S. Abdulkareem* (2014-2017) 'Growing spatial and socio-economic dynamics in empirical agent-based models using artificial intelligence algorithms with application to health and flood risks', advising together with E.-W. Augustijn and H. Bressers;
7. *S. Azis* (2014-2017) 'Agribusiness institution model based on community as a climate change adaptation in agriculture', advising together with H. Bressers;
8. *D. Bynoe* (2012-2017) 'Multi-level Governance, Climate Change Adaptation and Agri-environmental Stewardship in a Small Island Developing State', advising together with H. Bressers;
9. *M. Assaduzzaman* (2010-2016) 'Climate change and livelihoods in Bangladesh: Vulnerability and adaptation among coastal fishing communities', advising together with J.Lovett;
10. *T. Husby* (2011-2016) 'Economic impacts of behavioural responses to flood risk: Exploring general equilibrium effects using micro-level insights' (Vrije Universiteit Amsterdam) External adviser. *Defended successfully.*
11. *R. van Duinen* (2010-2015) 'The role of individual behavior and social interaction in adaptation of the agricultural sector to resist increasing climate induced drought risk. A bottom-up approach', advising together with A. van der Veen. *Defended successfully.*
12. *Q.Huang* (2009-2012) 'Exurban land-cover, land-use, and land-market evolution: Measuring, reviewing and modeling spatial and agent heterogeneity from the bottom up' (University of Waterloo, Canada). Advising together with D.Parker. *Defended successfully.*

REVIEW ACTIVITIES

Reviewer for journal articles and books:

Cambridge University Press (Restructuring of a journal, advice elicitation)
Elsevier (Book review advice before publication)

Global Environmental Change
Ecological Economics
Environmental and Resource Economics
Risk Analysis
Journal of Environmental Management
Economic Modeling
Environment and Planning B: Planning and Design
Environmental Modeling & Software
Journal of Artificial Societies and Social Simulation
Computers, Environment and Urban Systems
Landscape Ecology
Ecological Informatics

Ecological Modeling
Journal of Environmental Psychology
Land Use Policy
Stochastic Environmental Research and Risk Assessment

Grant Reviewer:

1. ERC Consolidator Grant, Expert (remote) reviewer (2016)
2. NWO VENI committee, Netherlands (2016);
3. FWO, Research Foundation – Flanders, Belgium (2016);
4. Research Council KU Leuven, Belgium (2016);
5. Tech4People committee, University of Twente, Netherlands (2015, 2016);
6. CORE research funding initiative of the Luxembourg National Research Fund, Luxembourg (2015);
7. Natural Sciences and Engineering Research Council of Canada (NSERC), research funding initiative "Discovery Grant" (2014);
8. Federal Ministry of Education and Research in Germany, research funding initiative "Interaction between land management, climate change and ecosystem services" (2012);
9. Wageningen University & Research centre, research funding initiative "Complex Adaptive Systems" (2012).

MEMBERSHIP

2015-present	Complex Systems Society (CSS)
2015-present	European Association of Environmental and Resource Economists (EAERE)
2010 - present	Organizer of the Special Interest Group on Spatial and Ecological-Economic issues (SIG-SEE) within the European Social Simulation Association (together with G. Polhill)
2010	International Society for Ecological Economics (ISEE)
2007-present	Member, European Social Simulation Association (ESSA)
2006-present	Member, International Environmental Modelling and Software Society (iEMSs)
2001-2005	Member, International Society for Ecological Economics / Russian Chapter (RSEE)

ACADEMIC SERVICES AND OTHER RELATED ACTIVITIES:

Secretary of the International Environmental Modelling and Software Society ([iEMSs](#)), 2008-2012

Co-founder of the Special Interest Group on Spatial and Ecological-Economics issues ([SIG-SEE](#)) of the European Social Simulation Association (with Gary Polhill), 2009-present

Session (co-) organizer

1. 2016: [Conference on Complex Systems](#) (CCS'2016), Amsterdam, The Netherlands, Co-organizer of the Satellite Session 'The Anthropogenic Earth System: Modeling Social Systems, Landscapes, and Urban Dynamics as a Coupled Human-Climate System up to Planetary Scale' with Dr. J.T. Murphy & Dr. M. Zellner;
2. 2016: Eight Biennial Meeting: [International Congress on Environmental Modelling and Software](#) (iEMSs 2016), Toulouse, France

Convenor of the Stream A 'Integrated Environmental Modelling: a multidisciplinary approach for innovative applications' with Prof. A. van Griesven and Prof. M. Volk.

Thematic session 'Methods for Visualization and Analysis of High-Dimensional Simulation Model Outputs'
3. 2016: Special session "[Agent-based models for sustainability: exploring social, economic, spatial and environmental dynamics](#)" The 12th Conference of the European Social Simulation Association, 19-23 September, Rome, Italy
4. 2015: Special session 'Social simulations of land, water and energy', The 11th Conference of the European Social Simulation Association, 14-18 September, Groningen, Netherlands
5. 2014: Thematic Workshop on 'Analyzing and synthesizing results from complex socio-ecosystem models with high -dimensional input, parameter and output spaces' at the [7th International Congress on Environmental Modelling and Software](#) (iEMSs 2014), San Diego, USA
6. 2013: Special session on "Adaptive behavior, social interactions and global environmental change: an agent-based perspective", 9th Conference of the European Social Simulation Association (ESSA 2013), Warsaw, Poland
7. 2012: Special session on "Modelling responses to shocks in coupled socio-ecological systems", [6th Biennial Meeting: International Congress on Environmental Modelling and Software \(iEMSs 2012\)](#), Leipzig, Germany
8. 2010: Special session on 'Spatial agent-based models for socio-ecological systems', [Fifth Biennial Meeting: International Congress on Environmental Modelling and Software \(iEMSs 2010\)](#), Ottawa, Canada

Member of scientific conference committee

1. 2016: Eight Biennial Meeting: [International Congress on Environmental Modelling and Software](#) (iEMSs 2016), Toulouse, France
2. 2016: [12th Conference of the European Social Simulation Association](#), 19-23 September, Rome, Italy
3. 2015: 11th Conference of the European Social Simulation Association, 14-17 September, 2015, Groningen, Netherlands
4. 2013: [9th Conference of the European Social Simulation Association](#), Warsaw, Poland
5. 2012: of the Track "Applications in Social Science and Organization" at the [Winter Simulation Conference](#), Berlin, Germany
6. 2012: [4th World Congress on Social Simulations](#), Taipei, Taiwan
7. 2012: [8th Conference of the European Social Simulation Association](#), Salzburg, Austria
8. 2011: [7th Conference of the European Social Simulation Association](#), Montpellier, France

Member of the organising committee

1. 2009: International workshop “Agent-based models of land markets”, Macaulay Institute in Aberdeen, UK
2. 2003: International Conference “Economic Development and the Environment: information, modelling and management” held by the Russian Society of Ecological Economics, Baikal, Russia
